Hi Henry -

.....

And yes - you are definitely unique, at least for the Class of '69, to have served 47 uninterrupted years in a mission field, but I am copying the former Executive Director of the AA, Mr. Dennis Park, who knows more about the history of our graduates than any other living soul and he might be able to enlighten us on that point.

Donna Carlson

(Update; Dennis Park agreed and signed his name .)

Email of Dennis Park to Dr Donna Carlson

Dear Donna:

Sorry for my tardiness in getting back to you.,

As to his (Dr Chutination) length of service. It would be safe to say that his mission service of 47 continuous years is the longest for any member from the Class of 1969..... Definitely, Dr. Chutination should be recognized....

Blessings to you and Jeff!

Dennis
